FOURZ HOTEL KINTETSU OSAKA-NAMBA

NOTICE OF ECO-FRIENDLY ROOM CLEANING

FOURZ HOTEL KINTETSU OSAKA-NAMBA will implement eco-friendly room cleaning for guests staying consecutive nights from 1 September 2022 in order to protect the global environment.

Bed linen and pajamas will not be changed for consecutive stays in the same room. Towel change, room cleaning and rubbish collection will be carried out.

※For hygiene reasons, eco-friendly room cleaning is limited to 3 consecutive days, with the 4th day being cleaned normally.

※If the bed linen is obviously soiled, the linen may be changed, not only on the 4th day.

In addition to eco-friendly room cleaning, we have an amenity bar with amenities made from environmentally friendly materials.

We appreciate your understanding and cooperation in our efforts to protect the global environment.
